

PROCEED ARCHIVING SOLUTIONS

SAP BI Archiving Consultant

Are you a dynamic, enthusiastic and capable person? Are you looking for your next career move? Do you think you have what it takes to join our winning team?

The Person

- A strong work ethic and a belief in honesty
- Credible, reliable and dependable at all times
- Confident, articulate and influential with others
- Rational, pragmatic and capable, especially under pressure
- Can conceptualise and simplify complex issues to others
- Excellent communicator with presentation skills
- Degree level education OR an outstanding industry track-record

Key responsibilities of the role are to lead in the successful technical implementation of BI Archiving using Near Line storage techniques.

- Database & Info Cube analysis and recommended near line storage solutions for clients
- Design and implementation of near line storage application landscapes
- Key contact on client site, ensuring ongoing buy-in from senior client management
- Implementation of near line storage technologies, including error detection and resolution
- Understanding of key business processes relating to data usage in SAP BI
- Ensure client acceptance and sign-off of testing related to near line storage solutions
- Knowledge transfer and training in the execution of the storage solution

Key skills required

- Good Understanding of SAP BI and InfoCubes.
- Preferably SAP BI Certification
- Technical experience of SAP ABAP and/or SAP Business Objects
- Knowledge or exposure to SAP NW-BI-NLS
- Confident and competent around SAP Netweaver
- Exposure to IBM CommonStore, Opentext ECM, PBS etc.
- Technical experiences within a SAP landscape e.g. SAP APO, Solution Manager etc.
- Persuasively advise and resolve issues surrounding technical restrictions and capabilities

Additional skills

- RDBMS Technologies (Informix, Oracle, DB2). General programming (ASP, VB, C++, JAVA etc.) and relevant professional Qualifications/Accreditation

Although our offices are in Hertfordshire you will be working intermittently on client sites (circa 50%) throughout the UK and should hold a valid UK driver's license. We will provide required training for suitable candidates, a competitive salary, car allowance, benefits and a possible bonus.

For further details or to have an informal discussion regarding this new opportunity, please email aylwen.carroll@proceedarchiving.com.
